Overview

AvSport of Lock Haven is a new flight school which commenced operation on 1 January 2010, at the Piper Memorial Airport, Lock Haven PA (arguably the birthplace of Sport Aviation). We specialize in training candidates for the recently introduced FAA Sport Pilot license, using modern Light Sport aircraft (at about half the cost, and half the instructional time, needed to earn a Private Pilot license).

AvSport of Lock Haven is an FAR Part 61 Flight School, registered with the Transportation Security Agency as an approved Alien Flight Student Program provider.
