

Published Works of H. Paul Shuch

1. Easy-to build SSB transceiver for 1296 MHz. *Ham Radio* 7(9): 8-23, September 1974.
2. Orbital predictions for AMSAT/OSCAR VII satellite. *WorldRadio* 4(7): 30+39, January 1975.
3. OSCAR - a thrill. *WorldRadio* 4(7): 30, January 1975.
4. Microstripline preamplifiers for 1296 MHz. *Ham Radio* 8(4): 12-27, April 1975.
5. Series-to-parallel conversion in reverse Polish notation. *MicroWaves* 14(7): 62, July 1975.
6. How to use double-balanced mixers on 1296 MHz. *Ham Radio* 8(7): 8-15, July 1975.
7. Low-cost 1296 MHz preamplifier. *Ham Radio* 8(10): 42-46, October 1975.
8. Microstripline bandpass filters for 1296 MHz. *Ham Radio* 8(12): 46-49, December 1975.
9. A high performance conversion module for the 23 cm band. *Radio Handbook* 20th Edition: 20.66-20.73, Howard Sams & Co., 1975.
10. Correspondence (reply). *Ham Radio* 9(1): 68-70, January 1976.
11. Vestigial sideband microtransmitter for amateur television. *Ham Radio* 9(2): 20-25, February 1976.
12. Amplifier design pack. *HP-25 Programs* (1): 7pp. Microcomm, San Jose CA, April 1976.
13. Impedance matching pack. *HP-25 Programs* (2): 4 pp. Microcomm, San Jose CA, April 1976.
14. Microstripline pack. *HP-25 Programs* (3): 4 pp. Microcomm, San Jose CA, April 1976.
15. Reflection terms pack. *HP-25 Programs* (4): 4 pp. Microcomm, San Jose CA, April 1976.
16. Solid-state microwave amplifier design. *Ham Radio* 9(10): 40-47, October 1976.
17. Interstage 50-ohm terminator for VHF converters. *Ham Radio* 10(2): 26-27, February 1977.
18. New contest? (Correspondence). *QST* 61(4): 77, April 1977.
19. Short circuit (Letter). *Ham Radio* 10(5): 94, May 1977.
20. A cost-effective modular downconverter for S-band WEFAX reception. *1977 IEEE MTT-S International Microwave Symposium Digest*: 430-432, June 1977.
21. Rat-race balanced mixer for 1296 MHz. *Ham Radio* 10(7): 33-39, July 1977.
22. Microwave spectrum analyzer. *Ham Radio* 10(8): 54-62, August 1977.
23. W6VMY, a reminiscence. *WorldRadio* 7(2): 44, August 1977.
24. Circuit packaging for double-balanced mixers. *Ham Radio* 10(9): 41-43, September 1977.
25. Comment (Letter). *Ham Radio* 10(9): 98-100, September 1977.
26. Calculating preamplifier gain from noise figure measurements. *Ham Radio* 10(11): 30-32, November 1977.
27. A cost-effective modular downconverter for S-band WEFAX reception. *IEEE Transactions on Microwave Theory and Techniques* 25(12): 1127-1131, December 1977.
28. Calculating antenna bearings for geostationary satellites. *Ham Radio* 11(5): 67-69, May 1978.
29. Pseudo-logarithmic display for the microwave spectrum analyzer. *Ham Radio* 11(7): 34-35, July 1978.
30. Improved grounding for the 1296 MHz microstrip filter. *Ham Radio* 11(8): 60-63, August 1978.
31. Microstrip - magical PC technique explained. *73* (217): 80-87, October 1978.
32. *Instruction manual, model RX-1691 integral WEFAX downconverter*: 50 pp. Microcomm, San Jose CA, January 1979.

33. Antenna/LNA tradeoff analysis for C-Band video terminals. *Microcomm Application Notes* (4): 1-6, April 1979.
34. Vidiot's guide to microwave TV. *MicroWaves* 18(6): 40-46, June 1979.
35. UHF local-oscillator chain for the purist. *Ham Radio* 12(7): 27-33, July 1979.
36. How to handle amplifier/antenna tradeoffs (Abstract). *MicroWaves* 18(8): 81, August 1979.
37. *RX-4200 user's manual*: 89 pp. Microcomm, San Jose CA, September 1979.
38. A low cost modular receiver for DOMSAT video. *Satellite TV and the Private User*: 18-25, WESCON Professional Program Session 25, September 1979.
39. Low-cost receiver for satellite TV. *73* (231): 38-43, December 1979.
40. Variable tuning for WEFAX receivers. *73* (231): 70-75, December 1979.
41. Compact and clean L-band local oscillators. *Ham Radio* 12(12): 40-47, December 1979.
42. Gunn-effect oscillator concept examined (Letter). *Microwave Systems News* 12(5): 8-10, May 1982.
43. Quiet! Preamp at work. *Proceedings, 18th Conference of the Central States VHF Society*: 1-10, American Radio Relay League, July 1984.
44. Quiet! Preamp at work. *Ham Radio* 17(11): 14-20, November 1984.
45. Electromagnetic jargon generator. *Ham Radio* 18(4): 75-76, April 1985.
46. Checklist for parabolic antenna design. *Proceedings, 19th Conference of the Central States VHF Society*: 35, American Radio Relay League, July 1985.
47. Gaining on the decibel, part 1. *QST* 70(2): 20-22, February 1986.
48. Gaining on the decibel, part 2. *QST* 70(3): 28-31, March 1986.
49. Radian review. *RF Design* 9(3): 57-58, March 1986.
50. Gaining on the decibel, part 3. *QST* 70(4): 29-31, April 1986.
51. Who is Philip Smith, and why are we afraid of his marvelous chart? *Proceedings, 20th Conference of the Central States VHF Society*. American Radio Relay League, July 1986.
52. *BiDCAS: a binaural Doppler collision alert system for general aviation aircraft*: 94 pp. Master's Thesis, San Jose State University, July 1986.
53. A five-band microwave transverter. *Proceedings of Microwave Update '86*: 41-46, American Radio Relay League, August 1986.
54. What's an A-24? *Western Bonanza Society Newsletter*: 12, September/October 1986.
55. War Stories. *Frazier Lake Airpark Newsletter*: 1, January 29, 1987.
56. Incident Reporting. *Frazier Lake Airpark Newsletter*: 2, February 17, 1987.
57. Manned vs. unmanned space flight. *Ham Radio* 20(3): 4, March 1987.
58. Recurrency Training. *Frazier Lake Airpark Newsletter*: 2, May 26, 1987.
59. A new approach to collision avoidance. *Sport Aviation* 36(6): 26-28, June 1987.
60. Collision Avoidance. *Frazier Lake Airpark Newsletter*: 2, July 27, 1987.
61. Smith chart part 2 - the scalar approximation. *Proceedings, 21st Conference of the Central States VHF Society*: 118-122, American Radio Relay League, July 1987.
62. Violations. *Frazier Lake Airpark Newsletter*: 2, August 25, 1987.
63. Far field fallacy. *QEX* (70): 10-11, December 1987.
64. *Binaural Doppler collision alert system for general aviation aircraft*. U.S. Patent #4713669, December 15, 1987.
65. Binaural Doppler collision alert system for general aviation aircraft (abstract). *Official Gazette of the U.S. Patent and Trademark Office* 1085(3): 1492-1493, December 15, 1987.
66. Wings. *Frazier Lake Airpark Newsletter*: 2, December 24, 1987.

67. 1st ham in space (Letter). *Western Flyer* 29(22): 10, December 25, 1987.
68. Collision avoidance - engineering considerations for aircraft. *Sport Aviation* 37(1): 25-28, January 1988.
69. Radios. *Frazier Lake Airpark Newsletter*: 2, February 22, 1988.
70. BiDCAS (Response), Letters to the editor. *Sport Aviation* 37(4): 61, April 1988.
71. Parabolic paradox. *QEX* (74): 5-6, April 1988.
72. Stepping Up. *Frazier Lake Airpark Newsletter*: 2, May 25, 1988.
73. A proximity warning system for light aircraft. *RF Design* 11(5): 43-53, May 1988.
74. The Drive To The Airport. *Frazier Lake Airpark Newsletter*: 2, June 26, 1988.
75. Navigation. *Frazier Lake Airpark Newsletter*: 2, July 28, 1988.
76. Addiction. *Frazier Lake Airpark Newsletter*: 2, August 26, 1988.
77. A weather facsimile display board for the IBM PC. *QEX* (79): 3-7+15, September 1988.
78. Gemini. *Frazier Lake Airpark Newsletter*: 2, October 24, 1988.
79. Display Board Feedback (correspondence). *QEX* (81): 14, November 1988.
80. Audubon Alert. *Frazier Lake Airpark Newsletter*: 2, December 28, 1988.
81. Soggy Sod. *Frazier Lake Airpark Newsletter*: 2, January 23, 1989.
82. A low noise preamp for weather satellite VISSR reception. *QEX* (84): 3-9, February 1989.
83. Laser Tag. *Frazier Lake Airpark Newsletter*: 1, February 22, 1989.
84. MMICs mimic mixer. *QEX* (85): 3-7, March 1989.
85. Jumpseat. *Frazier Lake Airpark Newsletter*: 2, May 25, 1989.
86. Mixer Feedback (correspondence). *QEX* (88): 11, June 1989.
87. Preamp Feedback (correspondence). *QEX* (88): 11, June 1989.
88. Interstage coupling with an edge-coupled line. *RF Design* 12(6): 52-55, June 1989.
89. Touch-And-Go. *Frazier Lake Airpark Newsletter*: 2, July 1, 1989.
90. HORNGAIN.BAS microwave horn antenna analysis program. *Proceedings, 23rd Conference of the Central States VHF Society*: 129-131, American Radio Relay League, July 1989.
91. Taxi Clearance. *Frazier Lake Airpark Newsletter*: 2, August 27, 1989.
92. General aviation collision avoidance alternatives. *Journal of Transportation Engineering* 115(5): 474-492, September 1989.
93. Oshkosh Bound. *Frazier Lake Airpark Newsletter*: 2, September 19, 1989.
94. Wideband microwave amplifier design. *QEX* (92): 3-13, October 1989.
95. Klingons. *Frazier Lake Airpark Newsletter*: 2, November 27, 1989.
96. *Near midair collisions as an indicator of general aviation collision risk*: 214 pp. Institute of Transportation Studies, Dissertation Series UCB-ITS-DS-90-2, University of California, Berkeley CA, March 1990.
97. *UHF/microwave experimenter's manual*: 1.1-1.20, 5.1-5.40, 6.20-6.27; American Radio Relay League, Newington CT, 1990.
98. Measuring the mass of the earth: the ultimate moonbounce experiment. *Proceedings, 25th Conference of the Central States VHF Society*: 25-30, American Radio Relay League, July 1991.
99. Near midair collisions as an indicator of general aviation collision risk (abstract). *Dissertation Abstracts International* 51(9): September 1991.
100. Measuring the mass of the earth: the ultimate moonbounce experiment. *QEX* (115): 8-10, September 1991.

101. Maxwell without tears: another look at his infamous equations. *Proceedings of Microwave Update 91*: 94-104, American Radio Relay League, October 1991.
102. Demonstrating celestial mechanics through measured Doppler shift. *Proceedings of the AMSAT-NA Ninth Space Symposium*: 140-150, Amateur Satellite Corp., November 1991.
103. *Winging it with Dr. Paul: forty tales your flight instructor never told you*. 55 pp., Paradox Press, Williamsport PA, 1991.
104. Maxwell without tears. *QEX* (119): 6-10, January 1992.
105. Corrigendum (Correspondence). *QEX* (119): 14, January 1992.
106. Corrigendum (Correspondence). *QEX* (121): 9, March 1992.
107. Demonstrating celestial mechanics through measured Doppler shift. *QEX* (122): 3-7, April 1992.
108. Technical correspondence. *QST* 76(7): 72-73, July 1992.
109. Correlating sun noise measurements to solar activity data. *Proceedings, 26th Conference of the Central States VHF Society*: 1-10, American Radio Relay League, July 1992.
110. The flight instructor's role in midair collision avoidance. *AOPA Air Safety Foundation Flight Instructor's Safety Report* 18(3): 5-7+16, July 1992.
111. Hitting the road (Action and Reaction). *Discover* 13(8): 6+8, August 1992.
112. The influence of flight experience on midair collision risk perception. *Accident Analysis and Prevention* 24(6): 655-660, October 1992.
113. SAREX goes to college (abstract). *Proceedings of the AMSAT-NA Tenth Space Symposium*: 292, American Radio Relay League, October 1992.
114. Wavelength Division Multiplexing without fuss or filters. *Proceedings of Microwave Update 92*: 57-63, American Radio Relay League, October 1992.
115. Calibrating the signal generator in the sky. *QST* 76(11): 42-44, November 1992.
116. Fast track to Nobels? (Letter). *Science News* 142(24): 403, December 12, 1992.
117. *Caffeinated Verse*. 16 pp., Paradox Press, Williamsport PA, 1993.
118. An excellent article, but . . . (letter). *Communications Quarterly* 3(1):106, Winter 1993.
119. Feedback, Technical Correspondence. *QST* 77(3): 72, March 1993.
120. The large and the small of it (Letter). *Science News* 143(14): 211, April 3, 1993.
121. So you want to win a Nobel Prize? *Sensors, the Journal of Machine Perception* 10(4): 4, April 1993.
122. TCA incursion trends: a statistical analysis. *AOPA Air Safety Foundation Flight Instructor's Safety Report* 19(2): 7 - 11, April 1993.
123. Untitled poem in *A Break in the Clouds*. Watermark Press, Owings Mills MD, 1993.
124. Driving subsidy as social overhead (Letter). *Science News* 143(23): 355, June 5, 1993.
125. *VersErotica: love poems by H. Paul Shuch*. 68 pp., Paradox Press, Williamsport PA, 1993.
126. Engineers can't write! *One College Avenue* 2(3): 2-3, Summer 1993.
127. Wavelength Division Multiplexing. *Communications Quarterly* 3(3): 39-42, Summer 1993.
128. Ballad of the Sober Pilot. *Rec-Room Rhymes* (10):15, August 1993.
129. We Love You, Enterprise. *Rec-Room Rhymes* (10):18, August 1993.
130. Combless generator tests radar warning receiver. *RF Design* 16(8): 89-93, October 1993.
131. Computer-based instruction. *Great Ideas for Teaching*, Preview Edition, Pennsylvania College of Technology: 48-49, December 15, 1993.
132. Cemetery, in *Outstanding Poets of 1994*. Watermark Press, Owings Mills MD, 1994.

133. Predicting the past (Letter). *Science News* 145(5): 67, January 29, 1994.
134. We Are The Borg. *Contata 1994 Program Book*: 13, June 1994.
135. Fiber optics: waveguide of the future. *Proceedings of Microwave Update 94*: 280-294, American Radio Relay League, September 1994.
136. Orbital analysis by sleight of hand. *Proceedings of the AMSAT-NA Twelfth Space Symposium*: 109-121, American Radio Relay League, October 1994.
137. What's an A-24? *World Beechcraft Society*: 12, September/October 1994.
138. SETI made simple: what can we do? *Proceedings of the 1995 TAPR Annual Meeting*: 45-54, Tucson Amateur Packet Radio, March 1995.
139. Fiber optics in amateur radio. *Communications Quarterly*, 5(2): 9-15, Spring 1995.
140. *SearchLites*, 1(1), The SETI League, Inc., Spring 1995.
141. Searching for life among the stars. *One College Avenue* 4(3): 4-5, Summer 1995.
142. *SearchLites*, 1(2), The SETI League, Inc., Summer 1995.
143. SETI range: how near do we hear? *Proceedings, 29th Conference of the Central States VHF Society*: 1-14, American Radio Relay League, July 1995.
144. Vampire's Lullaby. *ConCertino 1995*: 37, July 1995.
145. Computer-based instruction. *GIFT Book 1995*, Pennsylvania College of Technology: 50-51, August 1995.
146. Searching for life among the stars. *QST* 79(8): 37-39, August 1995.
147. Orbital analysis by sleight of hand. *Communications Quarterly*, 5(3): 35-42, Summer 1995.
148. *SearchLites*, 1(3), The SETI League, Inc., Autumn 1995.
149. Exploding the Arecibo Myth. *Proceedings of Microwave Update 95*: 83-95. American Radio Relay League, October 1995.
150. Searching for life among the stars. *Radio Communication*: 37-39. December 1995.
151. *Sing a Song of SETI, the official songbook of The SETI League, Inc.* SETI League, Little Ferry NJ, 1996.
152. *The SETI League Technical Manual*, SETI League, Little Ferry NJ, 1996.
153. *SearchLites*, 2(1), The SETI League, Inc., Winter 1996.
154. SETI made simple: what can we do? *Analog* CXVI(3): 61-69, February 1996.
155. Backyard SETI. *Mercury* 25(2):28, March - April 1996.
156. *SearchLites*, 2(2), The SETI League, Inc., Spring 1996.
157. Search for extraterrestrial intelligence (abstract). *Electro '96 Professional Program*: 10. IEEE, April 1996.
158. Optical SETI and the Arecibo Myth. In *Search for Extraterrestrial Intelligence (SETI) in the Optical Spectrum II*, SPIE Proc. Vol. 2704: 80 - 91, May 1996.
159. SETI made simple: what can we do? *Communications Quarterly*, 6(2): 89-95, Spring 1996.
160. SETI receivers: how should we scan? *Radio Astronomy*, Special SETI Issue: 2. Society of Amateur Radio Astronomers, May/June 1996.
161. SETI League water-hole low noise amplifier. *Radio Astronomy*, Special SETI Issue: 4-5. Society of Amateur Radio Astronomers, May/June 1996.
162. What is the SETI League? *Radio Astronomy*, Special SETI Issue: 7. Society of Amateur Radio Astronomers, May/June 1996.
163. Parabolic reflector (dish) antennas. *Radio Astronomy*, Special SETI Issue: 8-9. Society of Amateur Radio Astronomers, May/June 1996.

164. Amateur SETI: is it even possible? *Radio Astronomy*, Special SETI Issue: 9-10. Society of Amateur Radio Astronomers, May/June 1996.
165. Karl Jansky. *Conterpoint, Too!*: S-15, July 1996.
166. Project Argus and the challenge of real-time all-sky SETI. *Program and Abstracts*, 5th International Conference on Bioastronomy, IAU Colloquium No. 161: S4-12. Capri (Naples) Italy, July 1996.
167. Searching for life among the stars (abstract). *Announcer* 26(2):101, American Association of Physics Teachers, July 1996.
168. *SearchLites*, 2(3), The SETI League, Inc., Summer 1996.
169. Project Argus and the challenge of real-time all-sky SETI. *Proceedings of the 30th Conference of the Central States VHF Society*: 62-69, American Radio Relay League, July 1996.
170. Brass Tacks (reply). *Analog* CXVI(10): 155-157 , August 1996.
171. Sierra sports three bladed prop. *Sierra Newsletter* 605: 2, August 1996.
172. *SearchLites*, 2(Special Edition), The SETI League, Inc., August 1996.
173. *SearchLites*, 2(4), The SETI League, Inc., Autumn 1996.
174. SETI sensitivity: calibrating on a Wow! signal. *Proceedings of the AMSAT-NA Fourteenth Space Symposium*: 130-141, American Radio Relay League, November 1996.
175. The search goes on (Letter). *Science News* 150(22):339, November 30, 1996.
176. Tips for the Sierra owner. *Sierra Newsletter* 607: 2, December 1996.
177. The rock that's from the fourth rock from the sun. *Xenofilkia* (50):1010, December 1996.
178. *SearchLites*, 3(1), The SETI League, Inc., Winter 1997.
179. Cosmic cousins (Technical Conversations). *Communications Quarterly*, 7(1):4, Winter 1997.
180. Project Argus and the challenge of real-time all-sky SETI. in *Astronomical and Biochemical Origins and the Search for Life in the Universe*, 693 -700, IAU, January 1997.
181. Cosmic Carl. *Xenofilkia* (51):1028, February 1997.
182. *Conquering communications*, ISBN 0-8273-7507-7. Delmar Publishers, Albany NY, 1997.
183. The darkest day of the year. *Metroplex Newsletter* 20(2): 1, March 1997.
184. *SearchLites*, 3(2), The SETI League, Inc., Spring 1997.
185. SETI made simple: what can we do? *B-2 Radio Club Newsletter*: 2-8, March 1997.
186. SETI and the amateur radio astronomer. *Proceedings of the 1997 Southeastern VHF Conference*: 18-33, American Radio Relay League, April 1997.
187. Karl Jansky. *Xenofilkia* (52):1059, April 1997.
188. SETI made simple: what can we do? *Northrup-Grumman Radio Club Newsletter*: VI(V): 4-8, April 1997.
189. New SETI email reflector. *Radio Astronomy*: 9. Society of Amateur Radio Astronomers, May/June 1997.
190. *SearchLites*, 3(3), The SETI League, Inc., Summer 1997.
191. Darkness. *Xenofilkia* (53):1068, June 1997.
192. SETI and the amateur radio astronomer. Chapter 2 in *Amateur Radio Astronomy Systems, Procedures, and Projects*: 44-61, Radio Astronomy Supplies, July 1997.
193. Care and feeding of a SETI dish. In *Amateur Radio Astronomy Systems, Procedures, and Projects*: 76-78, Radio Astronomy Supplies, July 1997.

194. The amateur SETI program. In *Amateur Radio Astronomy Systems, Procedures, and Projects*: Chapter 5, Radio Astronomy Supplies, July 1997.
195. Darkness. *Second ConCerto*: 16, July 1997.
196. STAR-1: a Spectral and Temporal Analysis Receiver for advanced SETI. *Proceedings, 31st Conference of the Central States VHF Society*: 35-44, American Radio Relay League, July 1997.
197. Arecibo and SETI (Correspondence). *QST* 81(8): 24, August 1997.
198. SETI and the amateur radio astronomer. *Electronics Today International* (London) 26 (9):13-25 + cover photo, 15 August 1997.
199. Introduction to amateur SETI. *AMSAT Journal* 20(5): 14-17, September/October 1997.
200. SETI made simple: what can we do? (excerpts). *Geo-Monitor* 7(7): 61-63, September/October 1997.
201. *SearchLites*, 3(4), The SETI League, Inc., Autumn 1997.
202. Introduction to amateur SETI. *Proceedings of the AMSAT-NA Fifteenth Space Symposium*: 92-101, American Radio Relay League, October 1997.
203. Dawson's Tenure. *Xenofilkia* (55):1116, October 1997.
204. Care and feeding of a SETI dish. *Proceedings of Microwave Update 97*: 35-39, American Radio Relay League, October 1997.
205. The search for extraterrestrial signals (and how you can join the SETI team). *On the Air!* (Canada) 1(2):10-13, November/December 1997.
206. The suns shall never set on SETI. *Xenofilkia* (56):1128, December 1997.
207. *SearchLites*, 4(1), The SETI League, Inc., Winter 1998.
208. Participatory SETI: A model for public involvement (abstract). *Scientific and Cultural Aspects of the Search for Extraterrestrial Intelligence*: 14, SETI Australia Centre, January 1998.
